Naledi Mining and Equipment is a South African-based supplier of high-performance mining and industrial equipment. We serve the mining, quarrying, construction, and aggregate processing industries across Southern Africa, providing both new and fully refurbished equipment backed by expert technical support, preventive maintenance services, and a comprehensive supply of spare parts and consumables. Our mission is to keep your operations running at peak efficiency — reliably, safely, and cost-effectively.

1

CRUSHING EQUIPMENT

Supply of jaw, cone, and impact crushers, complete plants, conveyors, feeders, and material handling solutions for mining and aggregate processing. We provide turnkey crushing plant solutions tailored to your operational requirements.

2

SCREENING EQUIPMENT

Advanced screening systems for efficient material separation, including vibrating, trommel, rotary, and static screens for mining and industrial applications. Engineered for maximum throughput and precise classification.

3

PARTS & MAINTENANCE

High-quality wear parts and preventive maintenance services designed to maximize equipment performance, reduce downtime, and extend machinery lifespan. We stock critical spares for rapid deployment across all major equipment brands.

OUR PRODUCT RANGE

NALEDI MINING & EQUIPMENT · 2025 / 2026

4

TRAILERS & BOWSERS

Design, fabrication, and supply of water and diesel bowsers, custom trailers, and mobile transport solutions for industrial operations. Built to withstand harsh mining environments with full compliance to road transport regulations.

5

FUEL & LUBRICANTS

Supply of diesel and industrial lubricants including grease, transmission fluids, hydraulic oils, and mining-grade lubrication solutions for optimal equipment performance. Sourced from leading manufacturers for guaranteed reliability.

6

EARTHMOVING EQUIPMENT

Diesel-powered lighting plants and earthmoving equipment including excavators, loaders, dump trucks, drill rigs, tractors, and mobile crushers for operations. Available new and fully refurbished to suit your budget and production demands.

WHY CHOOSE NALEDI?

South African Based

Local expertise with fast support and delivery across the region.

New & Refurbished Stock

Flexible options to match your budget without compromising quality.

Turnkey Solutions

From single machines to complete processing plant installations.

After-Sales Support

Dedicated technical team for maintenance, parts, and optimisation.

NALEDI MINING

EQUIPMENT

Reliable Equipment. Trusted Solutions. Proven Performance.
